MP SERIES CONSOLE DOORS

Clean Integration. Secure Access. Built to Last.

The MP Series Console Doors are engineered for clean integration, secure access, and long-term durability in demanding marine environments. Featuring a redesigned frame profile, upgraded stainless steel latch, and new friction hinge system, the MP Series delivers stronger performance, easier installation, and a refined finish—inside and out.

OVAL STAINLESS STEEL HATCH

- Sleek, ergonomic design
- Polished 316 stainless steel construction
- Lockable for added security
- Integrated interior pull handle—no additional hardware required

FRICTION HINGE

- Polished 316 stainless steel construction
- Through-panel mounting for increased strength
- Larger fasteners for secure attachment to frame and panel
- Designed for long-term durability in harsh marine environments
